this book is not about myths but about approaches to myth from all of the major disciplines including science religion

philosophy literature and psychology the fate of the preternaturally beautiful adonis is one of the main fables upon which segal focuses in an attempt to analyse the various different theories of myth where the theory does not work he substitutes another myth showing that for all their claims to all inclusiveness certain theories in fact only apply to specific kinds of myths a uniform set of questions is provided to elucidate both the strengths and the weaknesses of the conjectures a survey of the past 300 years of theorizing on myth this book takes into account the work of such prominent thinkers as albert camus claude lévi strauss roland barthes c g jung and sigmund freud finally segal considers the future study of myth and the possible function of myth in the world as the adult equivalent of play about the series the very short introductions series from oxford university press contains hundreds of titles in almost every subject area these pocket sized books are the perfect way to get ahead in a new subject quickly our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

this collection of world myths although comprehensive is not intended to be exhaustive and might well be supplemented by a good general encyclopedia or dictionary of mythology the myths selected are representative of the cultures in question with some emphasis on myths that have influenced the creative arts in western culture these myths are used to illustrate a process by which an approach to myth is gradually revealed the approach essentially archetypal in nature will be of use to students of literature and the other arts it should also be of interest to a general nonacademic audience as it stresses the connections between myth and our own everyday lives

in this provocative work sophia heller challenges the assumption that we cannot be without myth that myth is necessary to vital soulful living indeed heller argues we have been living in a world without myth for a long time the absence of myth examines the loss of a religious mode of being in the world and demonstrates how theorists who insist on the presence of myth deny its historical end absence of myth may seem obvious evidenced by our lack of cult and ritual and by our de animated natural world as well as in the emergence of conceptual thought and psychological awareness which could only arise with the dissolution of a prereflective mythic mode of being in the world but what appears to be straightforward becomes complicated when myth is intentionally conflated with thought and reflection usually in the attempt to cultivate a mythic consciousness that aims to restore meaning to life and assuage the spiritual malaise of contemporary culture myth cannot rest in peace it must be continually unearthed redefined and recontextualized such that modern and postmodern

notions of myth are made to substitute for something that has never been experienced only imagined

myth a new symposium offers a broad based assessment of the present state of myth study it was inspired by a revisiting of the influential mid century work myth a symposium edited by thomas sebeok a systematic introduction and 15 contributions from a wide spectrum of disciplines offer a range of views on past myth study and suggest directions for the future contributors blend theoretical analysis with richly documented historical ethnographic and literary illustrations and examples drawn from native american classical medieval and modern sources

this book offers an original interdisciplinary analysis of the relations between myth identity and social reality involving elements of narratology theory linguistics philosophy anthropology and social theory harnessed to support an argument firmly located in the area of literary criticism this analysis yields a fairly extensive reinterpretation of the concept of myth which is applied to the examination of the relationship between narrative and social reality as represented in texts by contemporary scottish and irish women writers the main theoretical sources are mikhail bakhtin s theories of heteroglossia jacques derrida s theories of citationality and judith butler s theories of subjectivity the analysis framework developed in the book uses these theories to create a new way of understanding how literary texts change readers worldviews by enticing them to accept alternative possibilities of cultural expression of identity and social order the texts analysed in this book reconfigure naturalised stories that have become normative and constraining in conveying identities and visions of legitimate social orders the book s focus on feminine identities places it alongside feminist analyses of reconstructions of fairy tales myths or canonical stories that establish what counts as legitimate feminine identity studied here for the first time together the writers whose texts form the interest of this book continue the revisionist work begun by other women writers who engage with the male generated literary philosophical and humanist tradition they share a view of narratives as tools for continually negotiating our identities social worlds and socialisation scenarios while the high level theoretical discourse of the first part of the book requires specialised knowledge the second part of the book offering close readings of the texts is both lively and accessible and should engage the interest of the general reader and academic alike this book is written for all those who are interested in the power words have to hold sway over our inner and outer social worlds

this series presents an innovative and accessible overview of the world s mythological traditions the inaugural volume provides a theoretical introduction to the study of myth while the individual case studies from throughout time and around the world help guide the reader through the wondrous complexity and diversity of myths and their widespread influences in human cultures societies and everyday lives

to the student of myth this book attempts to provide a concise overview of the theoretical approaches to studying mythology

both in theory and in everyday life whether one is interested in a particular myth or mythic tradition or understanding comparative mythology more broadly or even the subject and overview of mythology as a whole this text attempts to present a clear and understandable introduction to some of the best tried and true approaches as well as to address some of the perennial problems and points of confusion to embark on the study of myth is to join a noisy chorus of scholars both present and past in attempting to divine the meaning of some of the most important intriguing and at times puzzling narratives that humankind has ever crafted we hope this text will help provide you with the theoretical background and tools to allow for a rich full study of mythology in all its myriad forms to the teacher of myth myth has been the source of a great deal of theoretical disagreement and confusion as well we have tried to address some of the controversies by appealing to a close and careful consideration of the data which at times helps keep lofty theorizing firmly anchored in the real world additionally we have tried to present a historical background to the study of myth which should also help illuminate the close relationships between a society and that society's views of myth mythology does not occur without people it is only with a strong grounding in the study of humankind that we can hope to make progress in our understanding where doubt within the scholarly community has arisen we have tried to pay attention to both sides of the debates the resulting text is intended to be a detailed yet engaging introduction to the study of world mythology and a scholarly counterweight to popular unscientific views our experience in teaching myth is that the most vexing issues stem from the several strained if not contradictory connotations that the term myth carries is myth archaic or is it part of all societies and thus modern as well is it part of religion and or science or does it contrast with these most vexingly does myth designate falsehood or the highest forms of truth those that form the core guiding principles of particular societies engagements of the cosmos and life within it there is also the double signification of the term mythology which points to both an academic tradition and the object studied by that tradition our view is that while such antinomies are unlikely to be resolved in the foreseeable future much can be gained by locating and identifying them and by attempting to understand how and why they have emerged we hope that this approach not only lends clarity to the topic of myth but also serves to energize the study to which we now turn

in chinese mythology anne birrell provides english translations of some 300 representative myth narratives selected from over 100 classical texts many of which have never before been translated into any western language organizing the narratives according to themes and motifs common to world mythology birrell addresses issues of source dating attribution textual variants multiforms and context drawing on exhaustive work in comparative mythology she surveys the development of
